

Heavy-Duty Storage Increases Space and Efficiency

Streamline workflow, picking, and easily locate parts while maximizing counter and workspace. Wall-mountable 19-Series Steel Cabinets enable your organization to standardize systems, increase efficiency, and safely store small parts. This customizable storage solution is available in a variety of sizes and drawer colors.

Store it with 19-Series Steel Cabinets

Features:

- 4 keyhole slots on back allow for easy wall mounting.
- Smooth edges protect parts while unique rear stop tab on each drawer prevents spills.
- Cabinets can be used with Rail Racks, ProCart[™], Storage-Go-Round, or Louvered Panels with optional Suspension Straps.

Move it.

Store it.

Organize it.
