

## Custom Organization To Enhance Work Flow

With up to hundreds of customizable compartments, Akro-Grids are designed to help you quickly organize inventory, reduce picking time, and improve part tracking. The molded letter/number system optimizes organization, while durable construction minimizes damage to contents.

### Organize It with Akro-Grids

#### Features:

- Grids are molded with a letter/number system for organized parts tracking.
- Dividers create hundreds of custom compartments as small as 1 1/8".
- Resistant to most solvents and chemicals.
- Reinforced with stacking rims and external ribbing for extra strength to organize small, heavy parts.
