

Crystal clear tilting bins allow quick identification of contents and securely close, keeping items free from unwanted dust and debris. The cabinets are stackable and constructed from durable, high-impact polystyrene, providing an additional layer of protection. The molded-in label holder makes it easy to label and find parts.

Organize It with TiltView Cabinets

Features:

- Space saving system will improve organization and efficiency – ideal for medical or pharmaceutical settings.
- Storage bins tilt out smoothly, and can be removed for easy cleaning.
- Can be used on a desk top and are wall mountable.
- Available in multiple sizes and come in a natural stone color, suitable for all environments.
