

Dependable solutions for your DC

Distribution centers **are the key** to a well-run supply chain. The entire order fulfillment process depends on an efficient system and reliable tools to get the job done.

This guide **will assist you** in choosing the right Akro-Mils and Jamco products for any distribution center's needs.

Nest & Stack Totes

Extremely durable industrial grade totes. Stack with or without lids, and nest when empty.

Uses: conveyors, order picking

Multi-Load Totes

Designed for AS/RS, this rugged tote's unique design allows cups and dividers to attach quickly and securely for separating items within a single load.

Uses: AS/RS, order picking

Stak-N-Store Bins

Large stackable bins are perfect for large, bulky items. Wide hopper front for easy access.

Uses: sorting, pick-to-light system

Attached Lid Containers

These reusable containers are ideal for shipping, distribution, order picking and storage. Lids snap close to protect contents.

Uses: closed-loop distribution system, returnable/reusable containers

AkroBins® & Super-Size AkroBins®

The industry standard for plastic stackable storage bins, AkroBins and Super-Size AkroBins are available in a variety of sizes and colors.

Uses: sorting, pick-to-light system

Service Carts/Utility Carts

Two- and three-shelf carts, perfect for order-picking. Available in lips up, lips down or extra deep lips.

Uses: order picking, shipping & receiving

Stock Trucks/Order Picking Carts

Spacious multi shelf carts easily transport large cartons. Available with open, mesh, slat or solid sides.

Uses: order picking, stocking or shipping & receiving

Platform Trucks

Move merchandise with steel, plastic or wood platform trucks. Multiple caster options to suit various floor conditions. Ergonomic height models reduce the strain of lifting and bending. Models with vertical dividers handle cardboard waste.

Uses: moving inventory, shipping & receiving

Box Trucks

This low deck box on wheels is available in solid sides or mesh sides. A three-sided version allows for easy loading and unloading.

Uses: moving inventory, shipping & receiving
