

## Make Moving Faster and Easier

This ergonomic and versatile cart was designed with maneuverability in mind. Whether turning tight corners or navigating narrow aisles, this cart will move your product wherever it needs to go while protecting your employees from repetitive use injuries.

### Move it with ProCart

#### Features:

- Easy maneuvering even with 400 lbs. capacity.
- I-beam design simplifies loading and unloading.
- Ergonomic hinged side gates on both shelves convert from box-top to flat-top.
- Optional rail kits allow AkroBins<sup>®</sup> or steel cabinets to hang.

**Move it.**

**Store it.**

**Organize it.**

## ProCart Industrial Transport Cart
